17. [] LIAISON Bob Beckel, White House staff, called to discuss further the handling of the request for declassification of the testimony of Senators Birch Bayh (D., Ind.) and Barry Goldwater (R., Ariz.) before the Senate Foreign Relations Committee on U.S. intelligence activities in Panama. I repeated my suggestions of the previous day and he said they were in line with his thinking and said he would like to have a meeting in the White House later this afternoon. It was arranged to have it at 4:00 p.m., after the 3:00 Legislative Liaison meeting. Subsequently, in the company of [] DDO/ LA Division, we met with Bill Lynck, DEA, Phil Jordan, DOJ, Hunter Estep, State Department, and Beckel to discuss this matter. I provided Admiral Robert Inman, D/NSA, with a copy of a blind version of LA Division's memo and he said it reflected his views and I again recommended that Beckel consider recommending to the Senate Select Committee on Intelligence that they draft up a Micronesia-type report rather than issue a sanitized version of the transcript because our end results in the latter case would be very insubstantial and perhaps mis-leading. Beckel said he would be dealing with Bill Miller, Staff Director of the Select Committee, and said he might like to call upon me to see Senators Bayh and Goldwater.

21. [] LIAISON Received a call from Tom Packer, in the office of Representative Henry A. Waxman (D., Calif.). A constituent of Representative Waxman's, who is a teacher doing research for a newsletter he is preparing, is requesting a copy of a report about CIA experiments conducted on the emotional effects that circumcision had on five to seven year old boys of low income families. The constituent believes this experiment was done in 1961. I referred the call to
